

How to suggest an item for the Resource Centre

1. Go to a resource centre article on Techfinder.org.au
2. Click on “Suggest a Resource” on the right hand side
3. This will take you to a new page where you can enter information about the resource you would like to suggest
4. Type information about the resource in the top field
5. In the next field, tell us what format you think the resource should be in (for example video or article)
6. Answer the captcha question in the last field (this is required)
7. When you have finished, click “Submit”.

We're looking forward to receiving your suggestions!
