

# How to send us your Auslan video

Techfinder.org.au is a community site where people go to share experiences and advice with their peers. People can contribute to the site in lots of ways, like writing product reviews, blogs or rating resources.

If your first or preferred language is Auslan, you can send us a video of your thoughts and experiences about using technology. We have in-house video editors, captioners and Auslan interpreters, if you need help with your video.

## How to send us your Auslan video via Dropbox:

1. Log in to your Dropbox account
2. Once in Dropbox, click the 'upload' icon (make sure you upload to your public Dropbox folder so you can share the link)
3. A pop up box will appear; click on 'Choose files'
4. Select the file you want to upload and click 'Open' to start the upload process
5. Once the file is fully uploaded, click 'Done'
6. Click 'Share' on the file you want to send us (on the far right of the file line item), and then enter our email address, [hello@techfinder.org.au](mailto:hello@techfinder.org.au) in the email field
7. Enter your name and contact email address in the message field, then click 'Send'

*Note: A moderator checks all video content when submitted. If your video content is considered inappropriate or offensive, the moderator has the right to edit or remove your video.*

If you have any issues sending your video, email us at: [hello@techfinder.org.au](mailto:hello@techfinder.org.au)

We're looking forward to receiving your videos!
